## HEALTH TALKS TO BE FEATURE

That Promised in Lectures by Dr.  
Carolyn Geisel at Rush County  
Chautauqua.

IS GRADUATE OF MICHIGAN

Will Talk on Domestic Science at  
Teachers Institute—Outline  
of Her Work.

One of the fine things in store for those attending the teachers institute held in connection with the Rush County Chautauqua, and those attending the afternoon sessions of the chautauqua will be the lectures by Dr. Carolyn E. Geisel, an exponent of good health from right living living, from Battle Creek, Mich.

She will address the teachers institute one period each day and will lecture at the chautauqua in the afternoon. Dr. Geisel is a regular physician, a graduate of the medical department of the University of Michigan, holds three American medical diplomas and has pursued advance studies in the schools and laboratories of Europe. Dr. Geisel is said to be one of the few on the lecture platform for whom no one else can be substituted.

For fifteen years she has given herself up to the task of showing people how to live healthier and happier lives. Her lectures and classes aim to teach people how to prevent disease—not to supplant the physician but to supplement him. During the chautauqua season Dr. Geisel is engaged in filling engagements in rapid succession. In these assemblies she is usually accompanied by two expert demonstrators, one in hygienic cookery and one in home nursing. Her lectures before the institute will be on domestic science.

She is said to have no stereotyped lectures and her talks and addresses are always a fresh outpouring from the wealth of her knowledge and experience, "up to the minute" with the latest results of scientific research, and suited to the urgent needs of her audience. Her school of health as conducted on the chautauqua platform follow more or less closely a systematic plan or curriculum as follows:

The first course is a series of lectures on general health topics given by Dr. Geisel. In this course she deals with the vital, up-to-date questions of health for the nation, municipality and individual, arousing her audience to interest the action in behalf of battered health conditions.

In connection with this course of general lectures, classes are formed. Any one or all five of the following subjects are taken up for systematic study:

First: Diet and dietetics is a favorite class, being the one most commonly asked for. In this, Dr. Geisel is assisted by a trained teacher of domestic science, and lectures—with practical demonstrations of correct cooking—are given daily. The relative value of foods and the application of food to diseased conditions as well as to occupation, age and climate are scientifically discussed. This class is always largely attended, men, women and children alike manifesting keen interest in the subject of diet.

Second: Class in home nursing. This class, which is almost as popular as the first named deals with rational remedies for diseased conditions. In this Dr. Geisel is assisted by a graduate nurse who demonstrates—with a patient in view of the audience—the various treatments described in the daily lecture by Geisel. The course aims to in-

Continued on Page 5.

## GUTTER AND CURB DAMAGED

Brick Pavement Appears to Have  
Expanded in Only One Direction.

By taking out a row of bricks across Second street the pavement in front of the Peoples National bank expanded and as a result the cement gutter is practically ruined and one section of the curb is cracked. The brick pavement appears to have gone one way, following the removing of the bricks. Today workmen were busy taking out another row of bricks on the east side of the street in an effort to make the street back down to where it was before the first row was removed.

## MUCH NEW WHEAT RECEIVED HERE

Quality is Said to be Good Although  
Yield Per Acre May be  
Smaller.

ELEVATORS ARE PAYING \$1

The hot weather of this week is welcomed by the farmers. They are taking advantage of it and all over the county the hum of the threshing machine is heard. They are also glad to get the warm weather on account of the corn. This crop will grow very rapidly with this kind of weather.

New wheat has begun to arrive at the local elevators, and the millers say the grade is as good as in former years although the average per acre will not be as high as in some years. The elevators here are paying \$1 a bushel for new wheat and many farmers are holding out for a better price. As a result they are strong the wheat on their farms. This price for new wheat is above the average.

## LOCAL PEOPLE TO HEAR MRS. BROWN

Will go to Carthage Monday Where  
She Will Deliver Two Lectures  
at Chautauqua.

ASSEMBLY BEGINS SUNDAY

A number of local people will go to Carthage next Monday for the express purpose of hearing Mrs. Demarchus Brown at the Chautauqua there. The Carthage chautauqua will begin Sunday and continue for five days. There is considerable local interest in the appearance of Mrs. Brown at the Chautauqua because she delivered a number of lectures here last winter to a study class.

She will speak both afternoon and evening at the Carthage chautauqua, and the local people will remain for both addresses. The Carthage people have arranged for an auto service between Arlington and Carthage. In the afternoon Mrs. Brown will speak on "Her Long Road" and in the evening the subject is "Modern Life and Literature. Her first lecture is said to be a masterpiece on modern social problems.

Mrs. Brown will also speak at the Milroy chautauqua.

## PLENTY OF FUN IS PROMISED

Elks Press Agent Says "Big Extravaganza" Will Prove Best History of City.

PROGRAM IS ANNOUNCED

Music and Songs "up to the Minute"  
and the Company is Equipped  
With Fine Scenery.

The public is assured that the big Elks Minstrels and vaudeville to be given at the Coliseum Friday night will be a banner production and that everyone who attends will receive more than full value of the price of admission asked, in enjoyment for about two hours.

Never in the history of this, or any other county for that matter has such an array of "talent" ever been seen together, in a single event as are assembled for this "big extravaganza" just think one hundred.

The music and songs are all up to the minute and of the catching sort that will make you feel that you are glad to be there, and you will certainly forget your troubles, at least while the show is in progress.

The curtain will rise promptly at 8:15 upon a scene that will be worth going miles to see, for the stage settings will be beautiful and the electrical effects introduced, render the scene one of unparalleled beauty and elegance, achieving a distinct triumph from an artistic standpoint.

Following the opening chorus the "end men" and the balladists will early begin to get in their work, joke will follow joke in quick succession, all of them localized to suit all sorts of conditions and men in this city and vicinity and it is a foregone conclusion that you can figure out in advance the side-splitting laughs that are in store.

The real test of a minstrel show notwithstanding all the fun cropping out of the first part, is the Olio or second part, this part of the performance, as a glance at the program bids fair to eclipse the first part.

The Committee in charge wishes to state emphatically that there never has been a Minstrel and vaudeville performance, professional or otherwise, as well equipped in the richness of its costumes and scenery as this performance will be. No money has been spared and nothing left undone by the Committee to assure all who attend a delightful evening. The Program follows:

### GRAND FIRST PART

Mr. Denning Havens—Director  
Introducing  
Mr. Samuel L. Trabue as Host  
Servants—Mr. Earl Osborne, Mr. Roy Abercrombie, Dr. Hale Pearsey, Mr. Geo. Hogsett.  
Guests—The Misses Mary L. Bliss, Mary L. Poe, Wanda Wyatt, Norma Smith, Margrete Ball, Dorothy Mulno, Marion Sparks, Gladys Behout, Frances Frazee, Frances Capp, Mrs. Hazel Lytle Moor, Mrs. Carl Beher and Mrs. Georgia Wyatt Moor.

### OPENING CHORUS

The Rosary Mr. Earl Osborne  
Chicken Pie Dr. Hale Pearsey  
Arkansas Mr. Roy Abercrombie  
The Vampire Mr. Geo. Hogsett  
You taught me the Meaning of Love Mr. Geo. Todd  
Old Black Joe—Dr. Frank M. Sparks, Will Bliss.  
Elks Finale—Miss Mary L. Bliss.

### PART TWO

1. Monologue and Songs—Mr.  
Continued on Page 5.

## EVERY BLUNDER INVITES A SUIT

Typical Example of This is Found  
in Schedule of That Celebrated  
"War Tax" Law.

TERM COSMETICS IS USED

It is General And Not Specific so  
Courts Have to Decide Just  
What it Means

Washington, July 14.—Every blunder in a statute is a gilt edge invitation to a law suit.

A typical example of one of these invitations, so numerous in practically every important statute passed by the Democratic Congress, occurs in Schedule B of the "war tax" law. It threatens to vitiate the effectiveness of the entire schedule.

That provision declares that "perfumery, cosmetics, and other similar articles," shall be taxed. What are "cosmetics?" The term is general, not specific. It is not defined in the law, and the question of what shall be termed a "cosmetic" has been plunged into doubt, which the courts only can finally clear up. A law suit is now pending to determine it.

From the earliest days of attempts to enforce this schedule, there has been continual confusion. Many manufacturers of articles of this character resisted the tax, declaring that their goods were not "cosmetics." Revenue collectors were at sea, and conflicting rulings from Washington as to specific articles merely added to the confusion, delay and expense of administration.

The Internal Revenue Office finally tried to settle the difficulty by ruling that manufacturers of certain disputed objects would be exempt from taxation if they changed their advertising.

The levying of the tax was thus made to depend, not on the product itself, but upon the way it was advertised, virtually resolving a portion of Schedule B of the "war tax" law into a special tax upon advertising rather upon the goods under discussion when Congress enacted the statute.

It is elementary in law that "interpretation of a law shall not usurp the function of legislation." This principle has been violated in the administration of the "war tax" law. The Democratic Congress named 2 conflicting dates as to the time Schedule B should take effect, and the Internal Revenue Office by an arbitrary ruling had to determine what Congress intended.

The courts may decide that the same thing has happened in the rulings as to the tax on "cosmetics." In any event the history of this portion of the "war tax" law has served to emphasize the slovenly methods employed by the Democratic Congress.

### "MOVIES" THE CAUSE

(By United Press.)

Anderson, Ind., July 14.—Too much uncensored movies was the verdict of methods in this city today as they tightened their apron strings about their boys. They were discussing the recent robbery of the James C. Lee home in which two nine-year-old boys stole jewelry and other articles valued at \$250. The boys climbed a tree and gained access to a second-story window.

The members of Lurline Council will meet at the home of Mrs. Oliver O'Brien Thursday afternoon at 1:30 o'clock and attend the funeral of Mrs. Thomas Felts in a body.

## THAW'S CASE UP TO JURY

State Announces it Will Appeal if  
Verdict Favors Him.

(By United Press.)

New York, July 14.—The Thaw jury retired at 2:52 p. m. today. If the jury finds Thaw sane and recommends his freedom the state will appeal the case, Deputy Attorney General Beck announced this afternoon. The presentation of evidence closed this morning and District Attorney General Cook began talking. Thaw was quite confident. A smile appeared on his face as he bent forward to catch Cook's closing statement to the jury.

## HIGH POWER GUN BROUGHT IN ACTION

Germans Bombarding Arras and  
Soissons—Both Towns Said to  
be in Ruins.

BRITISH OFFER RESISTANCE

(By United Press.)

Paris, July 14.—Both Arras and Soissons are being heavily bombarded by big, high power explosive shells, official dispatches reported this afternoon. The Germans have put into action several long range guns on the plateau across the Aisne and are attempting to level Soissons to ruins. Fires have again broken out in Arras where the Germans are attempting to complete the destruction of the town.

This afternoon's official statement reported the repulse of a German attack on the British position southwest of Pblingen. The Germans shelled the English position there for several hours, but were compelled to retreat.

## AMERICAN PRESS IS DISCREDITED

Germans Refuse to Believe That  
They Express True Sentiment  
of People Here.

CLAIM THEY ARE PRO-ENGLISH

(By United Press.)

Berlin (By Wireless to Sayville, L. I.) July 14.—"Press dispatches from English sources reporting a most unfavorable view of the German note by American press are generally discredited here," said a semi-official statement issued here today.

"The German newspapers are fully aware that the eastern American papers which were quoted, with few exceptions are hopelessly un-American and Pro-English and do not truly reflect the public opinion in America," said the statement.

### BELONG TO SAME CHURCH

Indianapolis, Ind., July 14.—When Judge James A. Collins granted the motion of attorneys for the majority of the indicted Indiana politicians for a change of venue from him, he avoided the distasteful job of sitting in judgement on a fellow churchmember. Judge Collins and Thomas Taggart are members of the St. Paul Episcopal church here.

Fred A. Caldwell has purchased a new auto truck for his furniture store.

## PRESIDENT MAY RETURN FRIDAY

In This Event Then the German  
Note Will be Taken up With  
Secretary Lansing.

TRIP NOT YET CALLED OFF

Special Sealed Mail Pouch of Data  
Clippings Received Daily  
by President.

(By United Press.)

Washington, July 14.—President Wilson and Secretary of State Lansing will take up the German note together about Friday or Saturday, it was thought here today.

This depends on the president's return from Cornish, which was expected late in the week.

Secretary Lansing again refused to say definitely that his trip to Cornish had been called off, but the impression was given that it had been.

It was understood that the secretary was pushing his draft of a reply to Germany so that it may be ready for the president as soon as he returns.

Lansing made it known today that he will grant an audience to the German ambassador in a few days. This was taken as indicating the administration's determination not to cut short the discussion with Berlin.

### WAITING ON LANSING.

(By United Press.)

Windsor, Vt., July 14.—President Wilson telephoned Secretary Lansing at Washington today that he would form no conclusion on the German situation until he received the latter's recommendation.

In the meantime the president is getting as much information as possible. A special mail pouch, sealed, containing data and clippings on the German situation arrives here daily and the president spends hours going over its contents.

## WARREN M'CRAY OUT FOR GOVERNOR

Well Known Cattle Raiser of Kent-  
land Announces Candidacy  
This Afternoon.

ON REPUBLICAN TICKET

(By United Press.)

Kentland, Ind., July 14.—Warren McCray, a well known Hereford cattelman, today formally announced his candidacy for Governor today on the Republican ticket.

McCray said he had no pledges to make and said that he would, if elected earnestly strive to give the state a clean, business administration. Mr. McCray is president of the state board of agriculture, a banker, cattle raiser and business man. He is said to be the greatest breeder of Hereford cattle in the world. His acceptance speech was delivered to a crowd that gathered at his farm.

The funeral services of Mrs. Thomas Felts, who died yesterday afternoon will be conducted Thursday afternoon at 2:30 o'clock at the St. Paul's M. E. church by the Rev. V. W. Tevis. Burial will take place in East Hill cemetery. Friends may call tonight from 7 to 8:30 o'clock and tomorrow from 11 to 12 o'clock.

There is more Catarrh in this section of the country than all other diseases put together. And until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WHEAT TAKES JUMP.

(By United Press.)

Chicago, Ill., July 14.—July wheat experienced a sensational jump on the local board of trade today. It reached \$1.16 per bushel at one time and closed at \$1.15½. The high point was six cents higher than yesterday's close. Discovery of black rust in the Dakotas and bad weather are said to have been the cause.

## INDIANA WHEAT PROSPECTS LESS

July Government Estimate of Crops, However, Places Oats Higher Than Last Year's Yield.

WHEAT NOT FAR BEHIND

Hoosier Peach Crop Will be About 500,000 Bushels Short of 1914, Estimate Declares.

The July government estimate of the wheat crop in Indiana is 139,000 bushels less than the final figures show for the year of 1914. This is shown by the compilation as sent out by the weather bureau. According to these figures the 1914 crop was 43,239,000 bushels, and based on July 1 condition the 1915 crop will be 43,100,00 bushels.

On the other hand the estimate for the nation's crop, based on the July 1 condition, is greater than the final figures for 1914. The estimate for this year is 963,000,000 bushels against a crop of 891,017,000 bushels last year.

The corn and oats crop for 1915, according to the July 1 estimate, will be larger than last year. The corn estimate for Indiana is 189,000,000 bushels against final figures of 163,317,000 for 1914. The oats crop is estimated at 64,700,000 bushels as against 44,888,000 last year.

The condition of hay on July 1 was figured as ninety-one per cent. of perfect against seventy-seven per cent, the seven-year average. All other crops on which the condition is estimated were regarded as higher except in the case of watermelons.

Indiana's peach crop will be about 500,000 bushels short of last year. The estimate for this year is 648,000, as against 1,128,000 last year. The peach crop for the nation is estimated as more than last year, however, by about 4,000,000 bushels. It is estimated that the country will produce 58,300,000 bushels of peaches.

The potato crop of Indiana will be about 1,450,000 bushels greater than last year, but the nation's crop will be 11,921,000 bushels short. The Indiana crop is estimated at 7,450,000 bushels and that of the nation at 394,000,000 bushels.

Indiana apples will be about double last year's crop. The estimate is 7,600,000 bushels against a production of 4,300,000 bushels last year.

## ANNUAL VISIT OF CHIGGER ON

In all the Mississippi Valley States He Making Himself Known at Picnics and Otherwise.

IS A CONSTANT ATTENDANT

U. S. Department of Agriculture Recommends How Best to Get Rid of This Pest.

(By United Press.)

Washington, July 14.—The annual visit of the chigger is on. Throughout the Mississippi valley states, as far north as Illinois and Missouri and extending across to the Atlantic coast states, the chigger is making himself known wherever people picnic or work in the long grass, though some call him the harvest mite and others merely the red bug. Barefoot boys know him best and love him least.

The chigger's habit is to affix himself with all his eight legs to the boy's bare shin—or to worm himself in some mysterious manner through a picnicer's silken hosiery—enter pores of the skin and stay there. In a few hours the spot becomes very painful and causes intense itching. The large inflamed spots are often diagnosed as hives, nettle rash, urticaria, or wheals, and closely resembles the bite of mosquitoes. On the second or third day a minute water blister develops. If a bath in hot water or water containing soap or salt is taken within a few hours, no ill effects are likely.

A person walking through vegetation is attacked mostly from the knees down, and an Agriculture Department bulletin suggests stuffing flowers of sulphur in the underclothing from the knees downward and into the shoes and stockings. Naphthalene is also successfully used in the same manner and is a safeguard against several other forms of manifefting tropical insects.

Where a large area is to be rid of the mites, it is recommended by the bulletin that the grass be cut closely, weeds eliminated and useless herbage mowed as closely as feasible, so as to expose the mites to the sun. It may be practical to spray the grass after cutting with flowers of sulphur or a dilute spray of kerosene

### Amusements

The Mystic will show a two act drama "A Day that is Dead" for the first picture tonight. It is said to be a great picture telling a thrilling story. The other is a comedy entitled "A Costly Exchange." The one act moving picture song "My Old Kentucky Home" will be sung. Tomorrow night the two act drama, "Hearts of Flame" will be shown.

The Gem will show an all-comedy program tonight. The first is entitled "Almost a King." It is a two reel feature and features Lee Moran, Jack Dillon and Billie Rhodes. It is said to be an extraordinary comedy. The other is a comedy "Shaved in Mexico." Hank Mann is featured. Tomorrow night J. Warren Kerrigan will be seen in the two act society drama "For Cash."

The Princess will show the second chapter of the great serial picture "The Goddess" for the first picture tonight. Earl Williams and Aneta Stewart are featured. The other picture is a modern drama entitled "Thirty." Francis Bushman and Beverly Bayne are featured. Tomorrow night the two act Chaplin comedy "Mabel at the Wheel" will be shown.

## HEALTH TALKS TO BE FEATURE

Continued from Page 1.

struct the students in home treatment of common disease in order that the nurse and mother may intelligently help the doctor.

Third: The class for instruction in healthful dress is another valuable one, and in this Dr. Geisel is assisted by an expert who instructs in the cutting, fitting and making of garments which have proved to be extremely valuable in maintaining health and correct carriage. Free from restricting bans, graceful ease of adjustment they have everything to recommend them and are adopted by countless numbers of women all over the country.

Fourth: The physical culture classes for both men and women fill a distinct need in every community and are eagerly patronized by men and women of all ages. The course is in no sense an aesthetic one—the exercises are not given for the sake of grace alone but for health's sake of. They form a series of corrective exercises and if followed out faithfully cure many of the common deformities: flat chest, round shoulders, spinal curvature, prominent abdomen, etc.

Fifth: The fifth course which of-

## ST. LOUIS AFTER NEXT CONVENTION

Is Making Strong Bid For 1916  
Meeting of Shriners Who Are  
in Session at Seattle

### RAISES \$50,000 TO ENTERTAIN

(By United Press.)

Seattle, Wash., July 14.—The selection of the imperial divan of the Shrine order and the city which will entertain the forty second council meeting in 1916, held the attention of the Shrine council today at the second session of the annual meeting being held here. The new member of the Divan, captain of the outer guard, will become imperial potentate in eleven years, if nothing intervenes, and the prize is most eagerly sought in Shrinedom.

St. Louis made a strong bid for the 1916 council, already having raised a fund of \$50,000 for entertainment purposes. The Missouri city shriners brought a huge balloon with them. It will be released tomorrow at Woodland Park, during an immense barbecue spread for the bands and patrols of the visiting temples.

#### Typhoid is Preventable

Four hundred thousand persons incapacitated, and thirty thousand lives lost—this is the heavy toll exacted in the United States each year by the scourge of typhoid fever. And typhoid fever is a preventable disease!

A recent bulletin of the United States Public Health Service entitled "Typhoid Fever—Its Causation and Prevention," states that within the past ten years few of our communities having as many as two thousand persons have remained free from this disease for any period of twelve consecutive months. In recent times the rate of prevalence for the United States as a whole has been from two to five times as high as in some of the countries of Europe. In these European countries the typhoid rate was formerly higher than the present figures for the United States. Their great reductions in the ravages of the disease have been brought about by improvements in sanitary conditions.

In many American cities there has occurred within the last twenty years a considerable reduction of typhoid fever. Due in a large part to improved sanitary conditions in the cities, the typhoid rate for some entire states has shown a material decrease. For the country as a whole, according to available figures, the rate has been reduced about 50 per cent in the past 40 years. But the present rate is about the same as that which prevailed in some of the other advanced nations of the world 30 years ago. In other words, the United States is a generation behind the times, in respect to the reduction of its typhoid rate.

Practical and efficient measures for the prevention of typhoid fever are definitely known, but the efforts to get the people of the average self-governing community to carry out these measures to a reasonable extent are oftentimes decidedly experimental in character. In many instances the cost of modern sanitary improvements has been an obstacle in the way of typhoid prevention. It is often difficult to convince the governing authorities that money expended in the protection of the public health yields large dividends.

In rural communities and small municipalities another factor—the instruction and co-operation of the individual property owner—enters into the problem. Here every home must have its own method of sewage disposal, and in most cases its own water supply. The Public Health Service bulletin above referred to deals in a comprehensive way with the construction of wells and out-houses.

In recent years a specific method for increasing individual resistance to typhoid germs has been employed. This is known as antityphoid inoculation or "vaccination." This method has been used extensively in military organizations of the United States, and from the results obtained it appears that inoculated persons are,

### Mr. Man At the Desk

#### Your Brain Can't Work When Your Bowels Are Clogged.

Capitalize your full 100% brain power by ridding yourself of constipation, biliousness, that out-of-sorts feeling.

Get a 10c box of Santal Laxatives to-night. Take one just before bed. It'll clean out your bowels, clear up the liver, make you feel great!

Santal Laxatives are an all-vegetable compound put up in tablet form. Contain no calomel, no habit-forming drugs. Every ingredient a universally recognized remedy for constipation, torpid liver and all the ills that follow in their trail.

Have your family physician write us for a copy of the formula. Put it up to him. We'll stand by his decision.

Give Santal Laxatives a try-out to-night. Phone your druggist to send up a box, 10 doses 10c. Or, if you prefer, write us for trial package. It's free. The Santal Remedies Co., Inc., 522 Union Central Bldg., Cincinnati, Ohio.

## WOMAN IN BAD CONDITION

### Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Montpelier, Vt. — "We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would

bloated. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedies have done for me." — Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

#### An Honest Dependable Medicine

It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

upon equal exposure to typhoid infection, less than one-fourth as likely to develop the disease as those who have not been inoculated and who have previously had the disease. The average duration of protection given by inoculation has not been determined, but is supposed to be about two years.

It is pointed out, however, that the protection given by antityphoid inoculation is relative, not absolute, and that such inoculation is not to be regarded as a substitute for sanitation.

The Department of Commerce has issued a statement showing that for the year ending June 30, 1915, the increase in population due to immigration was only 55,000 as compared with an increase of 770,000 for the preceding fiscal year. The decrease was due to the war. It seems perfectly clear, therefore, that if the war had not intervened, we would have had more than 700,000 persons added to the army of unemployed, whereas, in years of normally prosperous industrial conditions this country could absorb the immigration without realizing that so large a number of persons had been added to our force of workers. Here is another instance in which the war relieved the Democratic party of some of the consequences of its economic policies.

The Democratic U. S. Senator who wanted to know what feature of Democratic legislation the Republicans would repeal, might find an answer from Democratic sources if he would read the arguments of the administration's legal department which is pleading with the Supreme Court to declare the 5 per cent rebate clause of the tariff bill inoperative. In effect, the Department of Justice takes the position that the tariff bill authors either did not know what they were saying or did not know how to say it.

The Democratic "new era of hope" which superseded the Republican era of "prosperity," is getting even more hopeful with the advent of the harvest season which always provides employment for everyone.

## MEMBERS ARE ADDED RAPIDLY

Columbia Club of Indianapolis is in Midst of a Most Remarkable Campaign Now.

OVER 1,500 NEW NAMES ADDED

Membership Committee Will Continue Its Work Until Entire State is Covered.

Indianapolis, Ind., July 14.—The Columbia Club of this city is right in the midst of the most remarkable membership campaign that has ever been known in the history of political organizations in Indiana. The membership has been increased about threefold during the last three months.

When the Board of Directors decided early in the year to put on an aggressive campaign for new members in the hope of securing three or four thousand additional members before the close of the 1916 campaign, there were those who said "it can not be done." Yet, at the close of the month of June, after only 3 months of effort, over fifteen hundred new names had been added to the Club roster.

The auxiliary membership committee which has been engaged in securing new members, are enthusiastic in their belief that three thousand additional members can be secured during the next few months. The members of this committee have visited every county in the state and report that Republican newspapers, party leaders, business and professional men, farmers and others all over Indiana, are in full accord with the effort to build up a powerful Republican Club in the Capitol City which will be a home for Indiana Republicans.

The Committee will continue its work until the entire state has been covered thoroughly. Several thousand prospective members who were not seen on the first round will be given an opportunity to become members of the Club during the next few weeks.

At the beginning of the membership campaign there were about 1000 names on the roster of the Club. There are now over 2700 members, representing practically every county in the state. New members are being received every day, many of them sending their applications by mail. The committee started out on the second lap on July 1st, and expects to add twenty-five hundred or more new names to the Club roster during the next few months.

#### HOOSIER HISTORY

(Prepared for the United Press by the Centennial department of the Indiana Historical Commission)

A resourceful Justice of the Peace in a frontier settlement a big bully was haled before the justice of the peace for flogging his wife. The bully, of powerful physique, was sullen and intractable and the justice was at a loss to know how to confine him until the constable could hunt up the witnesses. He finally hit upon the plan to pry up his heavy eight railed fence two or three rails from the bottom, thrusting the culprits head through and then letting the fence down. In this horizontal "Stanchion" the bully raved and swore until the constable returned with the witnesses. The accused was sentenced to three hours imprisonment "in jail" and back he went to the rail fence. After serving his time he was released with the admonitions to "let Betsy alone" in the future.

#### GIRLS' NOVEL VACATION.

New York, July 14.—Instead of joining their friends on the seashore or in the mountains these hot July days, five Vassar young women and three from Barnard College are putting in a six weeks' "vacation" in New York's congested smelly East Side. The young women volunteered to teach in the vacation schools. Their students are mostly foreign.

## RED MEN WIN BY LATE FINISH MAY CONTINUE STATE LEAGUE

Knights of Columbus Blow up in the  
Sixth, Scoring Eight Runs—  
Final Count 10 to 7.

### GAME WAS UP-HILL. BATTLE

Stoops Pitches Well After 1st Inning  
When Losers Scored Five Runs  
Taking Lead

A late finish gave the Red Men the opening game in the Fraternal league over the K. of C. team by a score of 10 to 7. After leading all the way up to the sixth inning the K. of C. team "blew up" and the Red Men scored eight runs and enough to win the game.

It was a nice up-hill game for the Red Men and when the big blow off came in the sixth they took advantage of it and romped home a winner. It looked pretty soft for the K. of C. They started out in the very first inning and scored five times. Stoops was a little unsteady and three bases on balls, three singles and two errors gave the K. of C. the lead.

Red McKee, pitching for the Knights of Columbus team worked well for three innings, not a single hit being made off his delivery in this time. In the fourth frame the Red Men scored twice and with the score five to two in favor of the Knights of Columbus, the Red Men kept on fighting and finally in the sixth the blow-off came. McKee weakened in this frame and the whole team went to pieces. Twelve men faced McKee in this inning and bingles mixed with errors let the Red Men take the lead and they were never headed.

After the first inning Stoops settled down and pitched fine ball. He kept the hits well scattered from this time on out and the best the Knights of Columbus could do was to score two more runs. The victory of the Red Men came as a surprise in a way for this team was figured as the "dark horse" in the league race.

Bay be Kept Going as Everything  
Points to Frame—up at Cambridge City Meeting Today.

### WILL BE UP TO DR. LESLIE

Not Hard to Guess How he Will  
Vote—Charles Becker Should  
be Dissatisfied.

What appears to be a nice little frame-up will more than likely be put across today at Cambridge City by the club directors of the defunct State league. Cambridge City, and Richmond assisted by Charles Becker of the Cincinnati team seem bound and determined to continue the league and with these three lined up against Rushville, Connersville and Newcastle it appears that they have everything all set because Dr. Leslie, president of the league, will naturally vote for Richmond and Cambridge City.

Dr. Littell, treasurer of the organization, got a lawyer on the job and was told that the meeting last week in which the league voted to disband, could not be made to stand and as Dr. Littell wanted to finish the season because his club can't lose any money by getting a flat guarantee from the home clubs, the meeting today to reconsider the proposition was called.

All of the home clubs have lost money and Rushville could not see the reason for continuing the league at a financial loss. The Cambridge City men held that any regulation affecting the league must be made in writing and passed by a two-thirds vote of the clubs. The by-laws state that this is the case in making amendments, but as the league was disbanded on a motion, this is held here not to apply to the case in question.

The Richmond paper state that Becker is dissatisfied with the league "blowing-up." This is but natural as Becker is another of those receiving a flat guarantee and is probably getting twice as much from the league as he would by playing independent ball.

President Ryan, of the Rushville club went to Cambridge City for the meeting. He consulted an attorney this morning, but the exact course he will take is not known.

### GOOD NEWS

Many Rushville Readers Have  
Heard it and Profited Thereby.

"Good news travels fast," and the bad back sufferers in Rushville are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:

Samuel A. Brown, R. R. No. 10, Rushville, says: "I had a severe attack of backache and it got worse every day. Finally, the trouble got so bad that I could hardly raise my foot above the ground. When I stooped, I thought my back would break. Someone advised me to try Doan's Kidney Pills and I got a box. I was very much surprised at the prompt way in which they stopped the trouble. In a few days I was free from pain."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Props., Buffalo, N. Y.

## OPEN SEASON FOR FAIRS ARRIVES

Dearborn County Heads The List  
And Last One Will be Held  
at Hartford City

### MANY LAST WEEK IN AUGUST

Indianapolis, Ind., July 14.—The open season for Indiana county fairs began today. Dearborn headed the list with a fair at Lawrenceburg. The season will not close until October 9 with the Blackford county fair at Hartford City. In spite of the fact that several county fair associations have gone on the rocks because of lack of profits, fifty-two counties will hold fairs this year. The last week of August and the first week of September seem to be favorite dates. The state fair will be held September 6 to 10.

The dates of several of the larger county fairs are:—  
Marion, Grant county, July 26—30  
Muncie, Delaware county, Aug. 3—6  
Huntington, Dubois county, Aug. 9—14  
Elwood, Madison county, Aug. 10—13  
Columbus, Bartholomew county, Aug. 10—13  
Newcastle, Henry county, Aug. 10—13  
Lebanon, Boone county, Aug. 10—13  
Connersville, Fayette county, Aug. 17—20  
Frankfort, Clinton county, Aug. 17—20  
Lafayette, Tippecanoe county, Aug. 23—28  
Vincennes, Knox county, Aug. 23—27  
Rushville, Rush county, Aug. 24—27  
Crawfordsville, Montgomery county, Aug. 30—Sept. 4  
Huntington, Huntington county, Sept. 7—11

## CITY NOW OWNS A MUNICIPAL PLANT

Longmont, Colo., Burned Candles  
and Oil Lamps Because Cor-  
poration Got Unruly.

### PEOPLE WERE FORCED INTO IT

Longmont, Colo., July 14.—One 40-watt Tungsten lamp, burning free current from the municipal lighting plant, brightens nearly every porch in this city of 7,000 souls.

The residents of Longmont refused the private company's light and burned candles and oil lamps for two months back in 1911 while municipal plant was building, because the private concern attempted to block the city owning its own plant.

Longmont's experience with municipal ownership has been so markedly successful inquiries are received from all parts of the world. The city's inhabitants are conservative, hardworking and thrifty and went into the municipal electric power and lighting business only when goaded into it by unfair treatment and opposition. But once entered upon the task, Longmont pushed the municipal public utility with the same energy that has made the city the greatest sugar beet center in the United States.

\*\*\*\*\*  
\*PORTER TRIES TO BUY ROAD.\*  
\*\*\*\*\*

(By United Press.)

Portland, Ore., July 14.—James J. Hills Great Northern and Northern Pacific railroads still remain in the hands of that and other gentlemen. This is in the face of the fact that Harry Tipton, Great Northern porter won \$1,500 in a contest. When he won the money he rushed to the offices of companies, and attempted to buy the railroads. Informed that the roads were not for sale, he told the management that he formerly was a porter but that he had entirely to much money just now to work for the company any longer and resigned.

HOLDS RECORD ON STATISTICS

Clifford Thorne is Greatest Contain-  
er as Well as One of Greatest  
Unloaders Thereof.

WORKING ON COMMISSION

Points out That Mistake of One Per  
Cent in Computing Reasonable  
Return Means a Billion.

BY LOWELL MELETT.  
(U. P. Staff Correspondent.)

Washington, July 14.—Clifford Thorne sat in a corner of a hotel room, stretched his legs till his feet rested comfortably in the middle of the room and fired off statistics like a Roman candle shooting sparks. The chairman of the Iowa State Railroad Commission is the greatest known container of statistics—and also one of the greatest unloaders thereof. He had just unloaded several carload lots on the Interstate Commerce Commission, but still had considerable f. o. b.

Having established beyond question that not only does two and two make four, but that two billion plus two billion make four billion—and having shown the connection between these mathematics and the increase in rates wanted by Western railroads, he propounded this question: "What constitutes a reasonable rate of return?"

Not being furnished an answer, he went on:

"An error of one per cent. made by Interstate Commerce Commission in fixing the rate of return that is reasonable is equivalent to a mistake of one billion dollars in the value on which it is held the carriers are entitled to a return. Do you follow that? If five per cent is reasonable return on the investment in railroads, an error of one per cent amounts to one-fifth. The alleged value of these western railroads is \$5,000,000,000. One fifth of five billion is one billion—and there you are.

"It is very difficult for the human brain, with a sort of intellectual microscope, to intelligently analyze decimals of one-tenth of one per cent. We can handle with more facility variations of a hundred million dollars a year in the value of the property. One is as important as the other. The rate of return is certainly as important as the value.

"If a railroad president is asked, he will say 7 per cent. is reasonable.

If a farmer, he says 3 1/2 per cent. What is reasonable on government bonds is not reasonable in a manufacturing security; what is reasonable on the latter is not reasonable on railroad securities, either stocks or bonds. More than half the wealth of this nation is invested on a basis of four per cent. or less. There are billions of dollars on deposit in our savings banks drawing four and three per cent; billions in government bonds, drawing less than three per cent; billions in railroad bonds drawing 4 1/2 per cent. and billions of dollars in our farms.

"While some farms earn as high as 10 and 15 per cent it is safe to say—on the records—they are earning an average of less than four per cent on their value. You cannot name a railroad that has been making regularly more than five per cent on the total value of its plant whose securities are not selling at or above par in ordinary years.

"The investor in the capital stock of these railroads is entitled to a

higher return than the investor in the bonds and if there were in existence a colossal financial giant with the ability to purchase whole railroad systems that we might find out the rate at which they are willing to buy a railroad. But railroads are not bought individually. We buy and sell them piecemeal, by stocks and bonds. The market places of the country do not offer the best evidence of what the investing public considers to be a reasonable rate of return on the stock and bonds of railroads.

"Taking all the stocks of our Northwestern group of railroads, weighing them in proportion to the amount of capital stock outstanding, their averages price in the year 1914 amounted to 126.5. This is a remarkable demonstration that the stocks of these companies are worth 100 cents on the dollar in the eyes of its investing public, although it is common knowledge that a large portion of them do not and never have represented bona fide investments in the property. There is not a railroad company in this or any other part of the United States that has paid 6 1/2 or 7 per cent dividends to its stockholders whose stock ordinarily does not sell for more than 100 cents on the dollar. The railroads of this territory are able easily to bond their property up to 65 per cent or 70 per cent. of their value. If you could secure to these railroad properties a return of 7 per cent on their total values, the stocks will be earning from 10 per cent. to 15 per cent. and they will be selling—everyone of them—from 150 per cent to 200 per cent. of their par value. You will be giving to these roads more than what the public says is reasonable.

BOOSTING CHAUTAUQUA

Advertising Committee Visits All  
Parts of the County.

The Rush county chautauqua is being advertised over the county and in the surrounding towns and cities. Various committees were out yesterday working on the advertising end of the Chautauqua. Roy Jones took a party composed of John Titsworth, Samuel L. Trabue, Sr., Harry Trabue and Cary Jackson to Connersville and the eastern part of the county. Carl Webb and A. L. Gary were in Arlington, Manilla, Homer and Moscow, and Bert Trabue was in the northeastern part of the county distributing advertising matter.

GET TRUCK BUT NOT DRIVER

Man Refused to Let His Machine go  
Out With Banner

(By United Press.)

Fort Wayne, Ind., July 14.—Women of the W. C. T. U. had sufficient money to hire trucks for a parade here, but they admitted today that they couldn't buy one of the drivers. One of the banners bore the inscription; "The Saloon Must Go."

When they prepared to tack that banner to one wagon the driver got red in the face.

"What! put that on my wagon?" he asked. "Not on your life." And that truck didn't carry that banner.

DEATH COMES TO MRS. MARY INLOW

Well Known Woman of Blue Ridge  
Succumbs After Linger Long  
Time From Paralysis.

The funeral services of Mrs. Mary Inlow, who died yesterday at her home in Blue Ridge, will be conducted at the late residence Thursday morning at nine o'clock. Mrs. Inlow was 76 years old and was the widow of the late Dr. I. W. Inlow. She had been ill about two years and since May 28 had been in a critical condition following the third stroke of paralysis.

Mrs. Inlow was born near Gowdy and had lived all her life in the neighborhood in which she died. She was married on May 4, 1871. Mrs. Inlow was a member of the Christian Union church of Blue Ridge. She is survived by four children, Dr. G. I. Inlow, of Blue Ridge, John C. Inlow, of Waldron, Mrs. Mary John of near Manilla, and Mrs. Fannie Inlow, at home.

EUGENIC MARRIAGES NOT CURE FOR CRIMINALS

(By United Press.)

Cleveland, July 14.—"Segregation of the feeble-minded for two generations, not eugenic marriages, will stop the increasing criminal tendencies of 'juveniles,' says Juvenile Judge Adams of this city.

"All but a very small per cent of the children who pass through my court are feeble-minded.

"One family, descendants of feeble-minded grandparents, has produced 132 feeble-minded children in the county and over 50 per cent. of these have been convicted of crime.

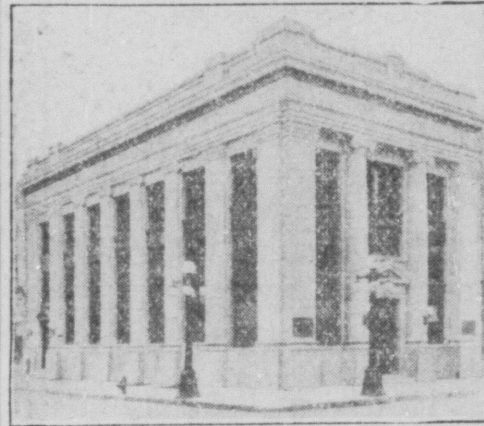

"In boys' cases, where feeble-mindedness is not too marked, wonders can be worked with a bat, a ball and open field. Healthful exercise and environment does wonders.

"These children shouldn't merely be locked up. In these cases, jails merely are breeders of crime."

CRAZE HITS SEYMOUR

(By United Press.)

Seymour, Ind., July 14.—The traffic ordinance "craze" has hit this city. The city council has formulated a set of traffic rules which are being tried out with the assistance of officers. It is expected the council soon will pass a traffic ordinance.

## HEALTH TALKS TO BE FEATURE

That Promised in Lectures by Dr.  
Carolyn Geisel at Rush County  
Chautauqua.

IS GRADUATE OF MICHIGAN

Will Talk on Domestic Science at  
Teachers Institute—Outline  
of Her Work.

One of the fine things in store for those attending the teachers institute held in connection with the Rush County Chautauqua, and those attending the afternoon sessions of the chautauqua will be the lectures by Dr. Carolyn E. Geisel, an exponent of good health from right living living, from Battle Creek, Mich.

She will address the teachers institute one period each day and will lecture at the chautauqua in the afternoon. Dr. Geisel is a regular physician, a graduate of the medical department of the University of Michigan, holds three American medical diplomas and has pursued advanced studies in the schools and laboratories of Europe. Dr. Geisel is said to be one of the few on the lecture platform for whom no one else can be substituted.

For fifteen years she has given herself up to the task of showing people how to live healthier and happier lives. Her lectures and classes aim to teach people how to prevent disease—not to supplant the physician but to supplement him. During the chautauqua season Dr. Geisel is engaged in filling engagements in rapid succession. In these assemblies she is usually accompanied by two expert demonstrators, one in hygienic cookery and one in home nursing. Her lectures before the institute will be on domestic science.

She is said to have no stereotyped lectures and her talks and addresses are always a fresh outpouring from the wealth of her knowledge and experience, "up to the minute" with the latest results of scientific research, and suited to the urgent needs of her audience. Her school of health as conducted on the chautauqua platform follow more or less closely a systematic plan or curriculum as follows:

The first course is a series of lectures on general health topics given by Dr. Geisel. In this course she deals with the vital, up-to-date questions of health for the nation, municipality and individual, arousing her audience to interest the action in behalf of battered health conditions.

In connection with this course of general lectures, classes are formed. Any one or all five of the following subjects are taken up for systematic study:

First: Diet and dietetics is a favorite class, being the one most commonly asked for. In this, Dr. Geisel is assisted by a trained teacher of domestic science, and lectures—with practical demonstrations of correct cooking—are given daily. The relative value of foods and the application of food to diseased conditions as well as to occupation, age and climate are scientifically discussed. This class is always largely attended, men, women and children alike manifesting keen interest in the subject of diet.

Second: Class in home nursing. This class, which is almost as popular as the first named deals with rational remedies for diseased conditions. In this Dr. Geisel is assisted by a graduate nurse who demonstrates—with a patient in view of the audience—the various treatments described in the daily lecture by Geisel. The course aims to in-

Continued on Page 2.

## GUTTER AND CURB DAMAGED

Brick Pavement Appears to Have Expanded in Only One Direction.

By taking out a row of bricks across Second street the pavement in front of the Peoples National bank expanded and as a result the cement gutter is practically ruined and one section of the curb is cracked. The brick pavement appears to have gone one way, following the removing of the bricks. Today workmen were busy taking out another row of bricks on the east side of the street in an effort to make the street back down to where it was before the first row was removed.

## MUCH NEW WHEAT RECEIVED HERE

Quality is Said to be Good Although  
Yield Per Acre May be  
Smaller.

ELEVATORS ARE PAYING \$1

The hot weather of this week is welcomed by the farmers. They are taking advantage of it and all over the county the hum of the threshing machine is heard. They are also glad to get the warm weather on account of the corn. This crop will grow very rapidly with this kind of weather.

New wheat has begun to arrive at the local elevators, and the millers say the grade is as good as in former years although the average per acre will not be as high as in some years. The elevators here are paying \$1 a bushel for new wheat and many farmers are holding out for a better price. As a result they are strong the wheat on their farms. This price for new wheat is above the average.

## LOCAL PEOPLE TO HEAR MRS. BROWN

Will go to Carthage Monday Where  
She Will Deliver Two Lectures  
at Chautauqua.

ASSEMBLY BEGINS SUNDAY

A number of local people will go to Carthage next Monday for the express purpose of hearing Mrs. Demarchus Brown at the Chautauqua there. The Carthage chautauqua will begin Sunday and continue for five days. There is considerable local interest in the appearance of Mrs. Brown at the Chautauqua because she delivered a number of lectures here last winter to a study class.

She will speak both afternoon and evening at the Carthage chautauqua, and the local people will remain for both addresses. The Carthage people have arranged for an auto service between Arlington and Carthage. In the afternoon Mrs. Brown will speak on "Her Long Road" and in the evening the subject is "Modern Life and Literature." Her first lecture is said to be a masterpiece on modern social problems.

Mrs. Brown will also speak at the Milroy chautauqua.

## PLENTY OF FUN IS PROMISED

Elks Press Agent Says "Big Extravaganza" Will Prove Best History of City.

PROGRAM IS ANNOUNCED

Music and Songs "up to the Minute" and the Company is Equipped With Fine Scenery.

The public is assured that the big Elks Minstrels and vaudeville to be given at the Coliseum Friday night will be a banner production and that everyone who attends will receive more than full value of the price of admission asked, in enjoyment for about two hours.

Never in the history of this, or any other county for that matter has such an array of "talent" ever been seen together, in a single evening as are assembled for this "big extravaganza" just think one hundred.

The music and songs are all up to the minute and of the catching sort that will make you feel that you are glad to be there, and you will certainly forget your troubles, at least while the show is in progress.

The curtain will rise promptly at 8:15 upon a scene that will be worth going miles to see, for the stage settings will be beautiful and the electrical effects introduced, render the scene one of unparalleled beauty and elegance, achieving a distinct triumph from an artistic standpoint.

Following the opening chorus the "end men" and the balladists will early begin to get in their work, joke will follow joke in quick succession, all of them localized to suit all sorts of conditions and men in this city and vicinity and it is a foregone conclusion that you can figure out in advance the side-splitting laughs that are in store.

The real test of a minstrel show notwithstanding all the fun cropping out of the first part, is the Olio or second part, this part of the performance, as a glance at the program bids fair to eclipse the first part.

The Committee in charge wishes to state emphatically that there never has been a Minstrel and vaudeville performance, professional or otherwise, as well equipped in the richness of its costumes and scenery as this performance will be. No money has been spared and nothing left undone by the Committee to assure all who attend a delightful evening. The Program follows:

GRAND FIRST PART

Mr. Denning Havens—Director  
Introducing  
Mr. Samuel L. Trabue as Host  
Servants—Mr. Earl Osborne, Mr. Roy Abercrombie, Dr. Hale Pearsey, Mr. Geo. Hogsett.  
Guests—The Misses Mary L. Bliss, Mary L. Poe, Wanda Wyatt, Norma Smith, Margrete Ball, Dorothy Mulno, Marion Sparks, Gladys Behout, Frances Frazee, Frances Capp, Mrs. Hazel Lytle Moor, Mrs. Carl Boher and Mrs. Georgia Wyatt Moor.

OPENING CHORUS

The Rosary Mr. Earl Osborne  
Chicken Pie Dr. Hale Pearsey  
Arkansas Mr. Roy Abercrombie  
The Vampire Mr. Geo. Hogsett  
You taught me the Meaning of Love Mr. Geo. Todd  
Old Black Joe—Dr. Frank M. Sparks, Will Bliss.  
Elks Finale—Miss Mary L. Bliss.

PART TWO

1. Monologue and Songs—Mr.

Continued on Page 2.

## EVERY BLUNDER INVITES A SUIT

Typical Example of This is Found in Schedule of That Celebrated "War Tax" Law.

TERM COSMETICS IS USED

It is General And Not Specific so Courts Have to Decide Just What it Means

Washington, July 14.—Every blunder in a statute is a gilt edge invitation to a law suit.

A typical example of one of these invitations, so numerous in practically every important statute passed by the Democratic Congress, occurs in Schedule B of the "war tax" law. It threatens to vitiate the effectiveness of the entire Schedule.

That provision declares that "perfumery, cosmetics, and other similar articles," shall be taxed. What are "cosmetics?" The term is general, not specific. It is not defined in the law, and the question of what shall be termed a "cosmetic" has been plunged into doubt, which the courts only can finally clear up. A law suit is now pending to determine it.

From the earliest days of attempts to enforce this schedule, there has been continual confusion. Many manufacturers of articles of this character resisted the tax, declaring that their goods were not "cosmetics." Revenue collectors were at sea, and conflicting rulings from Washington as to specific articles merely added to the confusion, delay and expense of administration.

The Internal Revenue Office finally tried to settle the difficulty by ruling that manufacturers of certain disputed objects would be exempt from taxation if they changed their advertising.

The levying of the tax was thus made to depend, not on the product itself, but upon the way it was advertised, virtually resolving a portion of Schedule B of the "war tax" law into a special tax upon advertising rather upon the goods under discussion when Congress enacted the statute.

It is elementary in law that "interpretation of a law shall not usurp the function of legislation." This principle has been violated in the administration of the "war tax" law. The Democratic Congress named 2 conflicting dates as to the time Schedule B should take effect, and the Internal Revenue Office by an arbitrary ruling had to determine what Congress intended.

The courts may decide that the same thing has happened in the rulings as to the tax on "cosmetics." In any event the history of this portion of the "war tax" law has served to emphasize the slovenly methods employed by the Democratic Congress.

## "MOVIES" THE CAUSE

(By United Press.)

Anderson, Ind., July 14.—Too much uncensored movies was the verdict of methods in this city today as they tightened their apron strings about their boys. They were discussing the recent robbery of the James C. Lee home in which two nine-year-old boys stole jewelry and other articles valued at \$250. The boys climbed a tree and gained access to a second-story window.

The members of Lurline Council will meet at the home of Mrs. Oliver O'Brien Thursday afternoon at 1:30 o'clock and attend the funeral of Mrs. Thomas Felts in a body.

## THAW'S CASE UP TO JURY

State Announces it Will Appeal if Verdict Favors Him.

(By United Press.)

New York, July 14.—The Thaw jury retired at 2:52 p. m. today. If the jury finds Thaw sane and recommends his freedom the state will appeal the case, Deputy Attorney General Beck announced this afternoon. The presentation of evidence closed this morning and District Attorney General Cook began talking. Thaw was quite confident. A smile appeared on his face as he bent forward to catch Cook's closing statement to the jury.

## HIGH POWER GUN BROUGHT IN ACTION

Germans Bombarding Arras and Soissons—Both Towns Said to be in Ruins.

BRITISH OFFER RESISTANCE

(By United Press.)

Paris, July 14.—Both Arras and Soissons are being heavily bombarded by big, high power explosive shells, official dispatches reported this afternoon. The Germans have put into action several long range guns on the plateau across the Aisne and are attempting to level Soissons to ruins. Fires have again broken out in Arras where the Germans are attempting to complete the destruction of the town.

This afternoon's official statement reported the repulse of a German attack on the British position southwest of Pblingen. The Germans shelled the English position there for several hours, but were compelled to retreat.

## AMERICAN PRESS IS DISCREDITED

Germans Refuse to Believe That They Express True Sentiment of People Here.

CLAIM THEY ARE PRO-ENGLISH

(By United Press.)

Berlin (By Wireless to Sayville, L. I.) July 14.—Press dispatches from English sources reporting a most unfavorable view of the German note by American press are generally discredited here, said a semi-official statement issued here today.

"The German newspapers are fully aware that the eastern American papers which were quoted, with few exceptions are hopelessly un-American and Pro-English and do not truly reflect the public opinion in America," said the statement.

## BELONG TO SAME CHURCH

Indianapolis, Ind., July 14.—When Judge James A. Collins granted the motion of attorneys for the majority of the indicted Indiana politicians for a change of venue from him, he avoided the distasteful job of sitting in judgement on a fellow churchmember. Judge Collins and Thomas Taggart are members of the St. Paul Episcopal church here.

Fred A. Caldwell has purchased a new auto truck for his furniture store.

## PRESIDENT MAY RETURN FRIDAY

In This Event Then the German Note Will be Taken up With Secretary Lansing.

TRIP NOT YET CALLED OFF

Special Sealed Mail Pouch of Data Clippings Received Daily by President.

(By United Press.)

Washington, July 14.—President Wilson and Secretary of State Lansing will take up the German note together about Friday or Saturday, it was thought here today.

This depends on the president's return from Cornish, which was expected late in the week.

Secretary Lansing again refused to say definitely that his trip to Cornish had been called off, but the impression was given that it had been.

It was understood that the secretary was pushing his draft of a reply to Germany so that it may be ready for the president as soon as he returns.

Lansing made it known today that he will grant an audience to the German ambassador in a few days. This was taken as indicating the administration's determination not to cut short the discussion with Berlin.

## WAITING ON LANSING.

(By United Press.)

Windsor, Vt., July 14.—President Wilson telephoned Secretary Lansing at Washington today that he would form no conclusion on the German situation until he received the latter's recommendation.

In the meantime the president is getting as much information as possible. A special mail pouch, sealed, containing data and clippings on the German situation arrives here daily and the president spends hours going over its contents.

## WARREN M'GRAY OUT FOR GOVERNOR

Well Known Cattle Raiser of Kentland Announces Candidacy This Afternoon.

ON REPUBLICAN TICKET

(By United Press.)

Kentland, Ind., July 14.—Warren McCray, a well known Hereford cattleman, today formally announced his candidacy for Governor today on the Republican ticket.

McCray said he had no pledges to make and said that he would, if elected earnestly strive to give the state a clean, business administration. Mr. McCray is president of the state board of agriculture, a banker, cattle raiser and business man. He is said to be the greatest breeder of Hereford cattle in the world. His acceptance speech was delivered to a crowd that gathered at his farm.

The funeral services of Mrs. Thomas Felts, who died yesterday afternoon will be conducted Thursday afternoon at 2:30 o'clock at the St. Paul's M. E. church by the Rev. V. W. Tevis. Burial will take place in East Hill cemetery. Friends may call tonight from 7 to 8:30 o'clock and tomorrow from 11 to 12 o'clock.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WHEAT TAKES JUMP.

(By United Press.)

Chicago, Ill., July 14.—July wheat experienced a sensational jump on the local board of trade today. It reached \$1.16 per bushel at one time and closed at \$1.15½. The high point was six cents higher than yesterday's close. Discovery of black rust in the Dakotas and bad weather are said to have been the cause.

## INDIANA WHEAT PROSPECTS LESS

July Government Estimate of Crops,

However, Places Oats Higher  
Than Last Year's Yield.

WHEAT NOT FAR BEHIND

Hoosier Peach Crop Will be About

500,000 Bushels Short of

1914, Estimate Declares.

The July government estimate of the wheat crop in Indiana is 139,000 bushels less than the final figures show for the year 1914. This is shown by the comparison as sent out by the weather bureau. According to these figures the 1914 crop was 43,239,000 bushels, and based on July 1 condition the 1915 crop will be 43,100,000 bushels.

On the other hand the estimate for the nation's crop, based on the July 1 condition, is greater than the final figures for 1914. The estimate for this year is 963,000,000 bushels against a crop of 891,017,000 bushels last year.

The corn and oats crop for 1915, according to the July 1 estimate, will be larger than last year. The corn estimate for Indiana is 189,000,000 bushels against final figures of 163,317,000 for 1914. The oats crop is estimated at 64,700,000 bushels as against 44,888,000 last year.

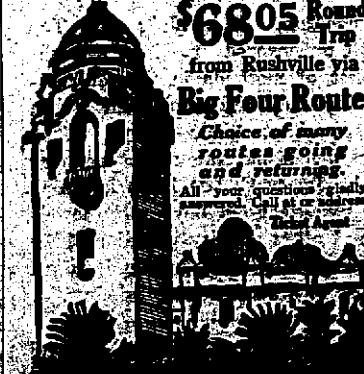

The condition of hay on July 1 was figured as ninety-one per cent. of perfect against seventy-seven per cent, the seven-year average. All other crops on which the condition is estimated were regarded as higher except in the case of watermelons.

Indiana's peach crop will be about 500,000 bushels short of last year. The estimate for this year is 648,000, as against 1,128,000 last year. The peach crop for the nation is estimated as more than last year, however, by about 4,000,000 bushels. It is estimated that the country will produce 58,300,000 bushels of peaches.

The potato crop of Indiana will be about 1,450,000 bushels greater than last year, but the nation's crop will be 11,921,000 bushels short. The Indiana crop is estimated at 7,450,000 bushels and that of the nation at 394,000,000 bushels.

Indiana apples will be about double last year's crop. The estimate is 7,600,000 bushels against a production of 4,300,000 bushels last year.

## ANNUAL VISIT OF CHIGGER ON

In all the Mississippi Valley States

He Making Himself Known at

Picnics and Otherwise.

IS A CONSTANT ATTENDANT

U. S. Department of Agriculture Re-

commends How Best to Get Rid

of This Pest.

(By United Press.)

Washington, July 14.—The annual visit of the chigger is on. Throughout the Mississippi valley states, as far north as Illinois and Missouri and extending across to the Atlantic coast states, the chigger is making himself known wherever people picnic or work in the long grass, though some call him the harvest mite and others merely the red bug. Barefoot boys know him best and love him least.

The chigger's habit is to affix himself with all his eight legs to the boy's bare shin—or to worm himself in some mysterious manner through a picnicer's silken hosiery—enter pores of the skin and stay there. In a few hours the spot becomes very painful and causes intense itching. The large inflamed spots are often diagnosed as hives, nettle rash, urticaria, or wheals, and closely resembles the bite of mosquitoes. On the second or third day a minute water blister develops. If a bath in hot water or water containing soap or salt is taken within a few hours, no ill effects are likely.

A person walking through vegetation is attacked mostly from the knees down, and an Agriculture Department bulletin suggests stuffing flowers of sulphur in the underclothing from the knees downward and into the shoes and stockings. Naphthalene is also successfully used in the same manner and is a safeguard against several other forms of manifefting tropical insects.

Where a large area is to be rid of the mites, it is recommended by the bulletin that the grass be cut closely, weeds eliminated and useless harborage mowed as closely as feasible, so as to expose the mites to the sun. It may be practical to spray the grass after cutting with flowers of sulphur or a dilute spray of kerosene

emulsion in which sulphur has been mixed.

Bermuda grass, called the Dr. Jekyll and Mr. Hyde of the grass family, is coming in for considerable discussion among agriculturists. Wire grass, as it is commonly named, may be a valuable forage plant or a serious weed pest, as circumstances determine. By sending out shoots at frequent intervals, Bermuda grass forms a close sod, which has its good points where forage grass is wanted.

It is the most valuable pasture grass in the South, but when it gets a start in a cotton field or other cultivated fields it is difficult of control. In Arizona and Southern California it has proved such an enemy of the alfalfa crop that they have named it devil-grass.

As a forage plant, its valuable properties are resistance to heat, drought and trampling by live stock, though it is quite susceptible to frost. Thus it is chiefly of value in states no farther north than Virginia and Kentucky. Cut early, Bermuda grass makes good hay and two crops ordinarily can be cut each year. A rich, moist soil will yield several tons an acre. Pastures and meadows should be plowed every few years, otherwise be coming sod bound.

Mr. and Mrs. Elmer Drake of North Manchester, Ind., have moved to this city, and Mr. Drake will be employed at Drake's Variety Store. They formerly lived in this city.

### Amusements

The Mystic will show a two act drama "A Day that is Dead" for the first picture tonight. It is said to be a great picture telling a thrilling story. The other is a comedy entitled "A Costly Exchange." The one act moving picture song "My Old Kentucky Home" will be sung. Tomorrow night the two act drama, "Hearts of Flame" will be shown.

The Gem will show an all-comedy program tonight. The first is entitled "Almost a King." It is a two reel feature and features Lee Moran, Jack Dillon and Billie Rhodes. It is said to be an extraordinary comedy. The other is a comedy "Shaved in Mexico." Hank Mann is featured. Tomorrow night J. Warren Kerrigan will be seen in the two act society drama "For Cash."

The Princess will show the second chapter of the great serial picture "The Goddess" for the first picture tonight. Earl Williams and Aneta Stewart are featured. The other picture is a modern drama entitled "Thirty." Francis Bushman and Beverly Bayne are featured. Tomorrow night the two act Chaplin comedy "Mabel at the Wheel" will be shown.

## ST. LOUIS AFTER NEXT CONVENTION

Is Making Strong Bid For 1916  
Meeting of Shriners Who Are  
in Session at Seattle

### RAISES \$50,000 TO ENTERTAIN

(By United Press.)  
Seattle, Wash., July 11.—The selection of the imperial divan of the Shrine order and the city which will entertain the forty second council meeting in 1916, held the attention of the Shrine council today at the second session of the annual meeting being held here. The new member of the Divan, captain of the outer guard, will become imperial potentate in eleven years, if nothing intervenes, and the prize is most eagerly sought in Shrinedom.

St. Louis made a strong bid for the 1916 council, already having raised a fund of \$50,000 for entertainment purposes. The Missouri city shriners brought a huge balloon with them. It will be released tomorrow at Woodland Park, during an immense barbecue spread for the bands and patrols of the visiting temples.

### Typhoid is Preventable

Four hundred thousand persons incapacitated, and thirty thousand lives lost—this is the heavy toll exacted in the United States each year by the scourge of typhoid fever. And typhoid fever is a preventable disease!

A recent bulletin of the United States Public Health Service entitled "Typhoid Fever—Its Causation and Prevention," states that within the past ten years few of our communities having as many as two thousand persons have remained free from this disease for any period of twelve consecutive months. In recent times the rate of prevalence for the United States as a whole has been from two to five times as high as in some of the countries of Europe. In these European countries the typhoid rate was formerly higher than the present figures for the United States. Their great reductions in the ravages of the disease have been brought about by improvements in sanitary conditions.

In many American cities there has occurred within the last twenty years a considerable reduction of typhoid fever. Due in a large part to improved sanitary conditions in the cities, the typhoid rate for some entire states has shown a material decrease. For the country as a whole, according to available figures, the rate has been reduced about 50 per cent in the past 40 years. But the present rate is about the same as that which prevailed in some of the other advanced nations of the world 30 years ago. In other words, the United States is a generation behind the times in respect to the reduction of its typhoid rate.

Practical and efficient measures for the prevention of typhoid fever are definitely known, but the efforts to get the people of the average self-governing community to carry out these measures to a reasonable extent are oftentimes decidedly experimental in character. In many instances the cost of modern sanitary improvements has been an obstacle in the way of typhoid prevention. It is often difficult to convince the governing authorities that money expended in the protection of the public health yields large dividends.

In rural communities and small municipalities another factor—the instruction and co-operation of the individual property owner—enters into the problem. Here every home must have its own method of sewage disposal, and in most cases its own water supply. The Public Health Service bulletin above referred to deals in a comprehensive way with the construction of wells and out-houses.

In recent years a specific method for increasing individual resistance to typhoid germs has been employed. This is known as antityphoid inoculation or "vaccination." This method has been used extensively in military organizations of the United States, and from the results obtained it appears that inoculated persons are,

## WOMAN IN BAD CONDITION

Restored To Health by Lydia  
E. Pinkham's Vegeta-  
ble Compound.

Montpelier, Vt. — "We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would bloat. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedies have done for me." — Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

**An Honest Dependable Medicine**  
It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

upon equal exposure to typhoid infection, less than one-fourth as likely to develop the disease as those who have not been inoculated and who have previously had the disease. The average duration of protection given by inoculation has not been determined, but is supposed to be about two years.

It is pointed out, however, that the protection given by antityphoid inoculation is relative, not absolute, and that such inoculation is not to be regarded as a substitute for sanitation.

The Department of Commerce has issued a statement showing that for the year ending June 30, 1915, the increase in population due to immigration was only 55,000 as compared with an increase of 770,000 for the preceding fiscal year. The decrease was due to the war. It seems perfectly clear, therefore, that if the war had not intervened, we would have had more than 700,000 persons added to the army of unemployed, whereas, in years of normally prosperous industrial conditions this country could absorb the immigration without realizing that so large a number of persons had been added to our force of workers. Here is another instance in which the war relieved the Democratic party of some of the consequences of its economic policies.

The Democratic U. S. Senator who wanted to know what feature of Democratic legislation the Republicans would repeal, might find an answer from Democratic sources if he would read the arguments of the administration's legal department which is pleading with the Supreme Court to declare the 5 per cent rebate clause of the tariff bill inoperative. In effect, the Department of Justice takes the position that the tariff bill authors either did not know what they were saying or did not know how to say it.

The Democratic "new era of hope" which superseded the Republican era of "prosperity," is getting even more hopeful with the advent of the harvest season which always provides employment for everyone.

## MEMBERS ARE ADDED RAPIDLY

Columbia Club of Indianapolis is  
in Midst of a Most Remarkable  
Campaign Now.

OVER 1,500 NEW NAMES ADDED

Membership Committee Will Continue  
Its Work Until Entire State is  
Covered.

Indianapolis, Ind., July 14.—The Columbia Club of this city is right in the midst of the most remarkable membership campaign that has ever been known in the history of political organizations in Indiana. The membership has been increased about threefold during the last three months.

When the Board of Directors decided early in the year to put on an aggressive campaign for new members in the hope of securing three or four thousand additional members before the close of the 1916 campaign, there were those who said "it can not be done." Yet, at the close of the month of June, after only 3 months of effort, over fifteen hundred new names had been added to the Club roster.

The auxiliary membership committee which has been engaged in securing new members, are enthusiastic in their behalf that three thousand additional members can be secured during the next few months. The members of this committee have visited every county in the state and report that Republican newspapers, party leaders, business and professional men, farmers and others all over Indiana, are in full accord with the effort to build up a powerful Republican Club in the Capitol City which will be a home for Indiana Republicans.

The Committee will continue its work until the entire state has been covered thoroughly. Several thousand prospective members who were not seen on the first round will be given an opportunity to become members of the Club during the next few weeks.

At the beginning of the membership campaign there were about 1000 names on the roster of the Club. There are now over 2700 members, representing practically every county in the state. New members are being received every day, many of them sending their applications by mail. The committee started out on the second lap on July 1st, and expects to add twenty-five hundred or more new names to the Club roster during the next few months.

### HOOSIER HISTORY

(Prepared for the United Press by the Centennial department of the Indiana Historical Commission)

A resourceful Justice of the Peace in a frontier settlement a big bully was haled before the justice of the peace for flogging his wife. The bully, of powerful physique, was sullen and intractable and the justice was at a loss to know how to confine him until the constable could hunt up the witnesses. He finally hit upon the plan to pry up his heavy eight railed fence two or three rails from the bottom, thrusting the culprits head through and then letting the fence down. In this horizontal "Stanchion" the bully raved and swore until the constable returned with the witnesses. The accused was sentenced to three hours imprisonment "in jail" and back he went to the rail fence. After serving his time he was released with the admonitions to "let Betsy alone" in the future.

### GIRLS' NOVEL VACATION.

New York, July 14.—Instead of joining their friends on the seashore or in the mountains these hot July days, five Vassar young women and three from Barnard College are putting in a six weeks' "vacation" in New York's congested smelly East Side. The young women volunteered to teach in the vacation schools. Their students are mostly foreign.

## RED MEN WIN BY MAY CONTINUE LATE FINISH STATE LEAGUE

Knights of Columbus Blow up in the Bay be Kept Going as Everything Sixth, Scoring Eight Runs— Points to Frame—up at Cambridge City Meeting Today.  
Final Count 10 to 7.

**GAME WAS UP-HILL BATTLE WILL BE UP TO DR. LESLIE**

Stoops Pitches Well After 1st Inning Not Hard to Guess How he Will When Losers Scored Five Runs Vote—Charles Becker Should Taking Lead be Dissatisfied.

A late finish gave the Red Men the opening game in the Fraternal league over the K. of C. team by a score of 10 to 7. After leading all the way up to the sixth inning the K. of C. team "blew up" and the Red Men scored eight runs and enough to win the game.

It was a nice up-hill game for the Red Men and when the big blow off came in the sixth they took advantage of it and romped home a winner. It looked pretty soft for the K. of C. They started out in the very first inning and scored five times. Stoops was a little unsteady and three bases on balls, three singles and two errors gave the K. of C.'s the lead.

Red McKee, pitching for the Knights of Columbus team worked well for three innings, not a single hit being made off his delivery in this time. In the fourth frame the Red Men scored twice and with the score five to two in favor of the Knights of Columbus, the Red Men kept on fighting and finally in the sixth the blow-off came. McKee weakened in this frame and the whole team went to pieces. Twelve men faced McKee in this inning and bingles mixed with errors let the Red Men take the lead and they were never headed.

After the first inning Stoops settled down and pitched fine ball. He kept the hits well scattered from this time on out and the best the Knights of Columbus could do was to score two more runs. The victory of the Red Men came as a surprise in a way for this team was figured as the "dark horse" in the league race.

Points to Frame—up at Cambridge City Meeting Today.

**WILL BE UP TO DR. LESLIE**

Not Hard to Guess How he Will Vote—Charles Becker Should be Dissatisfied.

What appears to be a nice little frame-up will more than likely be put across today at Cambridge City by the club directors of the defunct State league. Cambridge City, and Richmond assisted by Charles Becker of the Cincinnati team seem bound and determined to continue the league and with these three lined up against Rushville, Connersville and Newcastle it appears that they have everything all set because Dr. Leslie, president of the league, will naturally vote for Richmond and Cambridge City.

Dr. Littell, treasurer of the organization, got a lawyer on the job and was told that the meeting last week in which the league voted to disband, could not be made to stand and as Dr. Littell wanted to finish the season because his club can't lose any money by getting a flat guarantee from the home clubs, the meeting today to reconsider the proposition was called.

All of the home clubs have lost money and Rushville could not see the reason for continuing the league at a financial loss. The Cambridge City men held that any regulation affecting the league must be made in writing and passed by a two-thirds vote of the clubs. The by-laws state that this is the case in making amendments, but as the league was disbanded on a motion, this is held here not to apply to the case in question.

The Richmond paper state that Becker is dissatisfied with the league "blowing-up." This is but natural as Becker is another of those receiving a flat guarantee and is probably getting twice as much from the league as he would by playing independent ball.

President Ryan, of the Rushville club went to Cambridge City for the meeting. He consulted an attorney this morning, but the exact course he will take is not known.

### GOOD NEWS

Many Rushville Readers Have Heard it and Profited Thereby.

"Good news travels fast," and the bad back sufferers in Rushville are glad to learn where relief may be found. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:

Samuel A. Brown, R. R. No. 10, Rushville, says: "I had a severe attack of backache and it got worse every day. Finally, the trouble got so bad that I could hardly raise my foot above the ground. When I stooped, I thought my back would break. Someone advised me to try Doan's Kidney Pills and I got a box. I was very much surprised at the prompt way in which they stopped the trouble. In a few days I was free from pain."

Price, 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-McBurg Co., Props., Buffalo, N. Y. (Advertisement.)

## OPEN SEASON FOR FAIRS ARRIVES

Dearborn County Heads The List And Last One Will be Held at Hartford City

**MANY LAST WEEK IN AUGUST**

Indianapolis, Ind., July 14.—The open season for Indiana county fairs began today. Dearborn headed the list with a fair at Lawrenceburg. The season will not close until October 9 with the Blackford county fair at Hartford City. In spite of the fact that several county fair associations have gone on the rocks because of lack of profits, fifty-two counties will hold fairs this year. The last week of August and the first week of September seem to be favorite dates. The state fair will be held September 6 to 10. The dates of several of the larger county fairs are:—

Marion, Grant county, July 26—30  
Muncie, Delaware county, Aug. 3—6  
Huntington, Dubois county, Aug. 9—14  
Elwood, Madison county, Aug. 10—13  
Columbus, Bartholomew county, Aug. 10—13  
Newcastle, Henry county, Aug. 10—13  
Lebanon, Boone county, Aug. 10—13  
Connersville, Fayette county, Aug. 17—20  
Frankfort, Clinton county, Aug. 17—20  
Lafayette, Tippecanoe county, Aug. 23—28  
Vincennes, Knox county, Aug. 23—27  
Rushville, Rush county, Aug. 24—27  
Crawfordsville, Montgomery county, Aug. 30—Sept. 4  
Huntington, Huntington county, Sept. 7—11  
Ft. Wayne, Allen County, Sept. 14—17

## CITY NOW OWNS A MUNICIPAL PLANT

Longmont, Colo., Burned Candles and Oil Lamps Because Corporation Got Unruly.

**PEOPLE WERE FORCED INTO IT**

Longmont, Colo., July 14.—One 40-watt Tungsten lamp, burning free current from the municipal lighting plant, brightens nearly every porch in this city of 7,000 souls.

The residents of Longmont refused the private company's light and burned candles and oil lamps for two months back in 1911 while municipal plant was building, because the private concern attempted to block the city owning its own plant.

Longmont's experience with municipal ownership has been so markedly successful inquiries are received from all parts of the world. The city's inhabitants are conservative, hardworking and thrifty and went into the municipal electric power and lighting business only when goaded into it by unfair treatment and opposition. But once entered upon the task, Longmont pushed the municipal public utility with the same energy that has made the city the greatest sugar beet center in the United States.

**PORTER TRIES TO BUY ROAD**

Portland, Ore., July 14.—James J. Hill's Great Northern and Northern Pacific railroads still remain in the hands of that and other gentlemen. This is in the face of the fact that Harry Tipton, Great Northern porter won \$1,500 in a contest. When he won the money, he rushed to the offices of companies, and attempted to buy the railroads. Informed that the roads were not for sale, he told the management that he formerly was a porter but that he had entirely too much money just now to work for the company any longer and resigned.

### HOLDS RECORD ON STATISTICS

Clifford Thorne is Greatest Container as Well as One of Greatest Unloaders Thereof.

### WORKING ON COMMISSION

Points out That Mistake of One Per Cent in Computing Reasonable Return Means a Billion.

BY LOWELL MELETT.

(U. P. Staff Correspondent.)

Washington, July 14.—Clifford Thorne sat in a corner of a hotel room, stretched his legs till his feet rested comfortably in the middle of the room and fired off statistics like a Roman candle shooting sparks. The chairman of the Iowa State Railroad Commission is the greatest known container of statistics—and also one of the greatest unloaders thereof. He had just unloaded several carload lots on the Interstate Commerce Commission, but still had considerable f. o. b.

Having established beyond question that not only does two and two make four, but that two billion plus two billion make four billion and having shown the connection between these mathematics and the increase in rates wanted by Western railroads, he propounded this question: "What constitutes a reasonable rate of return?"

Not being furnished an answer, he went on:

"An error of one per cent. made by Interstate Commerce Commission in fixing the rate of return that is reasonable is equivalent to a mistake of one billion dollars in the value on which it is held the carriers are entitled to a return. Do you follow that? If five per cent is reasonable return on the investment in railroads, an error of one per cent amounts to one-fifth. The alleged value of these western railroads is \$5,000,000,000. One-fifth of five billion is one billion—and there you are.

"It is very difficult for the human brain, with a sort of intellectual microscope, to intelligently analyze decimals of one-tenth of one per cent. We can handle with more facility variations of a hundred million dollars a year in the value of the property. One is as important as the other. The rate of return is certainly as important as the value.

"If a railroad president is asked, he will say 7 per cent. is reasonable.

If a farmer, he says 3½ per cent. What is reasonable on government bonds is not reasonable in a manufacturing security; what is reasonable on the latter is not reasonable on railroad securities, either stocks or bonds. More than half the wealth of this nation is invested on a basis of four per cent. or less. There are billions of dollars on deposit in our savings banks drawing four and three per cent; billions in government bonds, drawing less than three per cent; billions in railroad bonds drawing 4½ per cent. and billions of dollars in our farms.

"While some farms earn as high as 10 and 15 per cent it is safe to say—on the records—they are earning an average of less than four per cent on their value. You cannot name a railroad that has been making regularly more than five per cent on the total value of its plant whose securities are not selling at or above par in ordinary years.

"The investor in the capital stock of these railroads is entitled to a

higher return than the investor in the bonds and if there were in existence a colossal financial giant with the ability to purchase whole railroad systems that we might find out the rate at which they are willing to buy a railroad. But railroads are not bought individually. We buy and sell them piecemeal, by stocks and bonds. The market places of the country do not offer the best evidence of what the investing public considers to be a reasonable rate of return on the stock and bonds of railroads.

"Taking all the stocks of our Northwestern group of railroads, weighing them in proportion to the amount of capital stock outstanding, their averages price in the year 1914 amounted to 126.5. This is a remarkable demonstration that the stocks of these companies are worth 100-cents on the dollar in the eyes of its investing public, although it is common knowledge that a large portion of them do not and never have represented bona fide investments in the property. There is not a railroad company in this or any other part of the United States that has paid 6½ or 7 per cent dividends to its stockholders whose stock ordinarily does not sell for more than 100 cents on the dollar. The railroads of this territory are able easily to bond their property up to 65 per cent or 70 per cent. of their value. If you could secure to these railroad properties a return of 7 per cent on their total values, the stocks will be earning from 10 per cent. to 15 per cent. and they will be selling—everyone of them—from 150 per cent to 200 per cent. of their par value. You will be giving to these roads more than what the public says is reasonable.

### BOOSTING CHAUTAUQUA

Advertising Committee Visits All Parts of the County.

The Rush county chautauqua is being advertised over the county and in the surrounding towns and cities. Various committees were out yesterday working on the advertising end of the Chautauqua. Roy Jones took a party composed of John Titsworth, Samuel L. Trabue, Sr., Harry Trabue and Cary Jackson to Connersville and the eastern part of the county. Carl Webb and A. L. Gary were in Arlington, Manilla, Homer and Moscow, and Bert Trabue was in the northeastern part of the county distributing advertising matter.

### GET TRUCK BUT NOT DRIVER

Man Refused to Let His Machine go Out With Banner.

(By United Press.)

Fort Wayne, Ind., July 14.—Women of the W. C. T. U. had sufficient money to hire trucks for a parade here, but they admitted today that they couldn't buy one of the drivers. One of the banners bore the inscription: "The Saloon Must Go."

When they prepared to tack that banner to one wagon the driver got red in the face.

"What! put that on my wagon?" he asked. "Not on your life." And that truck didn't carry that banner.

### DEATH COMES TO MRS. MARY INLOW

Well Known Woman of Blue Ridge Succumbs After Linger Long Time From Paralysis.

The funeral services of Mrs. Mary Inlow, who died yesterday at her home in Blue Ridge, will be conducted at the late residence Thursday morning at nine o'clock. Mrs. Inlow was 76 years old and was the widow of the late Dr. I. W. Inlow. She had been ill about two years and since May 28 had been in a critical condition following the third stroke of paralysis.

Mrs. Inlow was born near Gowdy and had lived all her life in the neighborhood in which she died. She was married on May 4, 1871. Mrs. Inlow was a member of the Christian Union church of Blue Ridge. She is survived by four children, Dr. G. I. Inlow, of Blue Ridge, John C. Inlow, of Waldron, Mrs. Mary John of near Manilla, and Mrs. Fannie Inlow, at home.

### EUGENIC MARRIAGES NOT CURE FOR CRIMINALS

(By United Press.)

Cleveland, July 14.—"Segregation of the feeble-minded for two generations, not eugenic marriages, will stop the increasing criminal tendencies of 'juveniles,' says Juvenile Judge Adams of this city.

"All but a very small per cent of the children who pass through my court are feeble-minded.

"One family, descendants of feeble-minded grandparents, has produced 132 feeble-minded children in the county and over 50 per cent. of these have been convicted of crime.

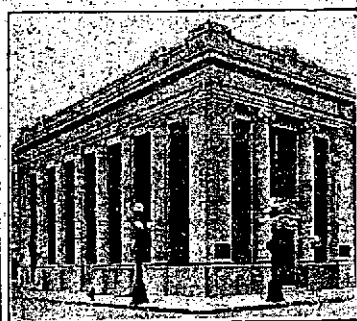

"In boys' cases, where feeble-mindedness is not too marked, wonders can be worked with a bat, a ball and open field. Healthful exercise and environment does wonders.

"These children shouldn't merely be locked up. In these cases, jails merely are breeders of crime."

### CRAZE HITS SEYMOUR

(By United Press.)

Seymour, Ind., July 14.—The traffic ordinance "craze" has hit this city. The city council has formulated a set of traffic rules which are being tried out with the assistance of officers. It is expected the council soon will pass a traffic ordinance.

## Your Office Floor

**THIS IS AN APPEAL TO MEN**

who appreciate the merits of a superior floor covering offered at a very low price.

You can now cover your office floor with a piece of linoleum that is *guaranteed* by the makers to give absolutely satisfactory wear.

★ ★

## LOOK ON OUR SIDEWALK

Our public test on the sidewalk in front of our store shows our faith in this superior product. It will not fade, crack, buckle or peel and should last indefinitely under ordinary wear.

RINGWALT'S LINOLEUM comes in a variety of beautiful and artistic patterns which we will be pleased to show you. It contains no tar, asphalt, canvas or paper and is in a class by itself for appearance, service and wear.

## SEE OUR NEW PATTERNS

Come in the store during our special sale and examine the splendid new patterns. Price very low. Bring measurements.

## Mauzy's July Clearance Sale

is offering decisive reductions on all summer wearing apparel and housefurnishings, and, as is always true of Mauzy's sales, every reduction is genuine. With Mauzy's guarantee of quality on every article of merchandise, a purchase now is equivalent to your buying it directly from the manufacturer. In many cases you secure your purchase at less than cost. With the prospect of ever-increasing prices, your cash will go farther now than for some time to come. Don't neglect this opportunity, but allow your better judgment to dictate to you.

**Tailored Suits**

of quality were never cheaper. You can buy them now for less than we can. All our Palm Beach Suits are included in this drastic reduction. Secure a pretty skirt or coat at the present price.

**Dresses**

for ladies, misses and children at most attractive prices. Whatever you may want—be it an evening gown of chiffon and lace, an afternoon or evening costume of silk, or a pair of wash dress—you may have it now for the cost of the material.

**Shoes**

Our offerings in Shoes are now little less than remarkable. Men, women and children can be fitted now at the rate of two or three that, at the present markings, and with the pairs for the price of one. Have a assurance of sterling qualities, choosing now will prove a great economy.

**Carpets**

rugs and floorcoverings of every description are shown in such an abundance of patterns that, at the present markings, and with the assurance of sterling qualities, choosing now will prove a great economy.
